Coquitlam

Welcome

Purpose of the information session

- To learn more about the project
- To ask questions
- To share your input

Welcome

Tonight's format

- Short presentation
- Review boards
- Review the design
- Take survey (before March 22)

Welcome

Who is here?

- Lives on the corridor
- Business/organization on the corridor
- Works for the City

Project Overview

Connection

Blue Mountain Park to Mackin Park

Goal

Create an accessible and safe multi-modal corridor for people of all ages and abilities who want to walk, bike, scoot, or drive between where they live, work, learn, play or shop.

When

Planned for 2025 and will occur in phases

Project Timing

Making Connections

Part of a Bigger Picture

One of five active transportation improvement projects in Southwest Coquitlam connecting key amenities and destinations

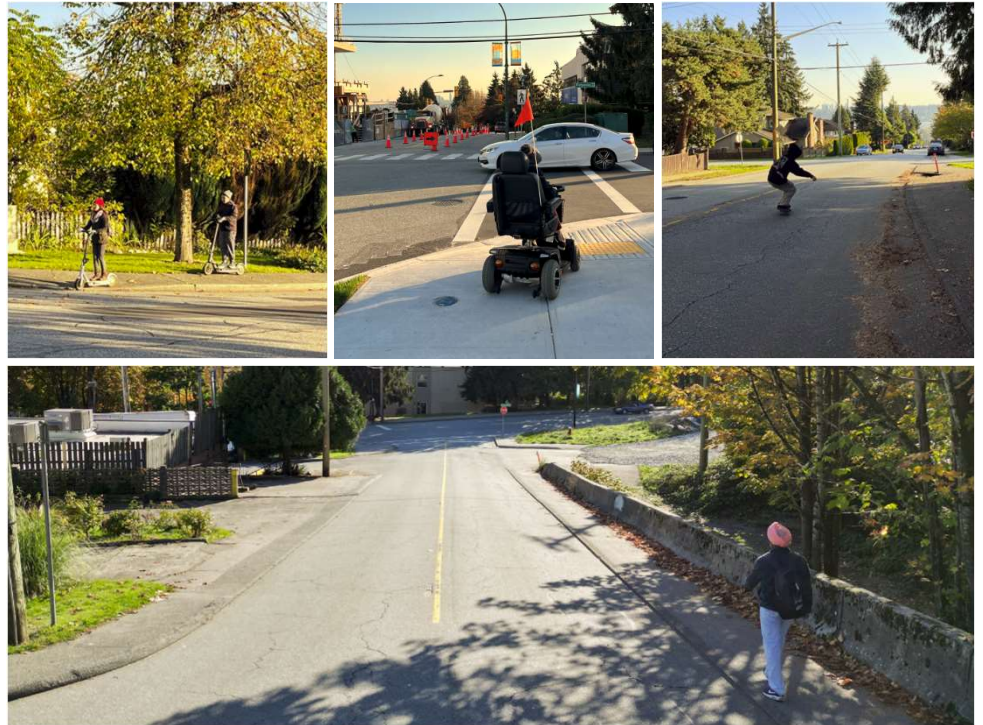

Supports four key initiatives:

- Strategic Transportation Plan
- 2050 Micromobility Network
- Road Safety Strategy
- E-Mobility Strategy

Existing Conditions

- Local street classification
- Vehicle volumes 3,000/day
- Speed limit of 50 km/h
- Emergency response route
- Some steep sections

Why Improve Nelson Street?

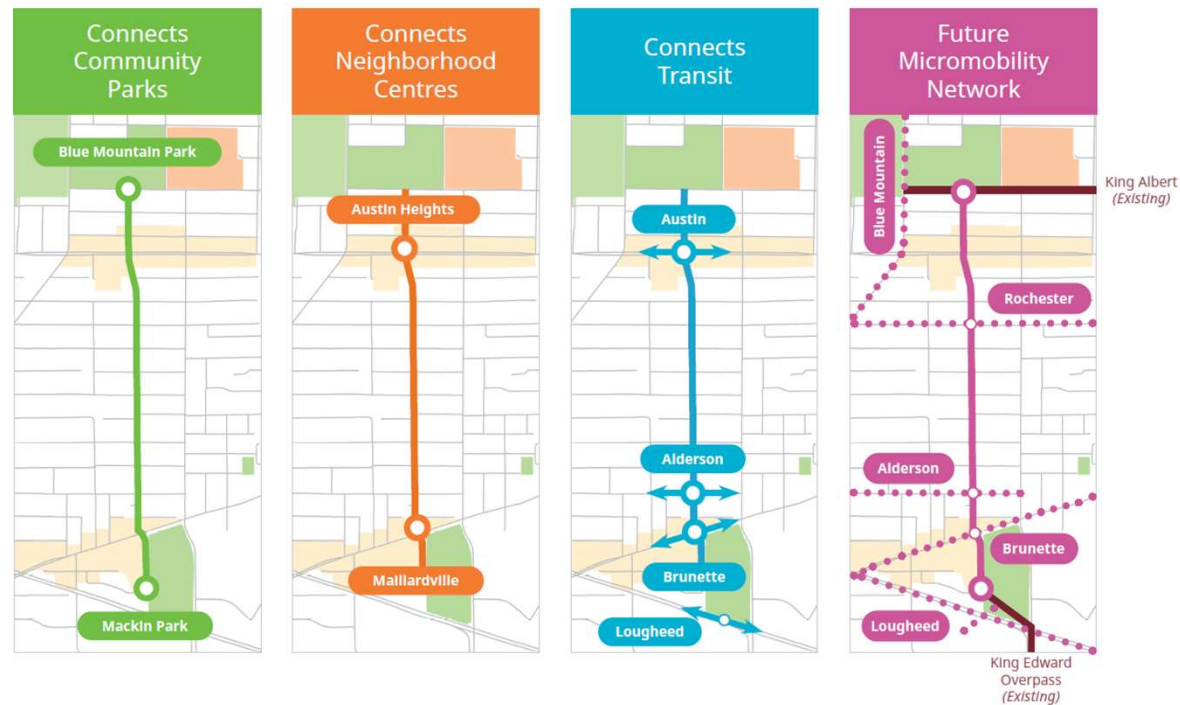

Does not meet standards of the *BC Active Transportation Design Guide*

Missing elements

- Continuous sidewalks
- Space to bike or scooter
- Wheelchair ramps
- Curb
- Lighting
- Street trees

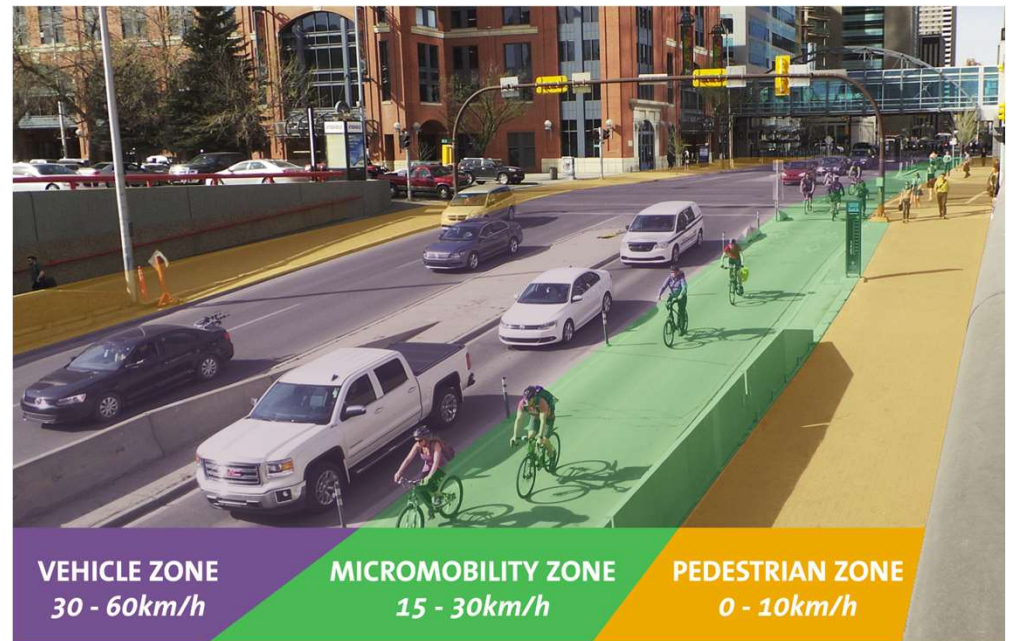

Enhancing Connections

Design Objectives

- ✓ Offer safe, direct & intuitive connections
- ✓ Create spaces for people
- ✓ Maintain vehicle access and community needs
- ✓ Enhance landscaping and green infrastructure
- ✓ Improve accessibility, road safety and comfort

Design Considerations

**Vehicular
Parking & Loading**

**Pedestrian &
Traffic Safety**

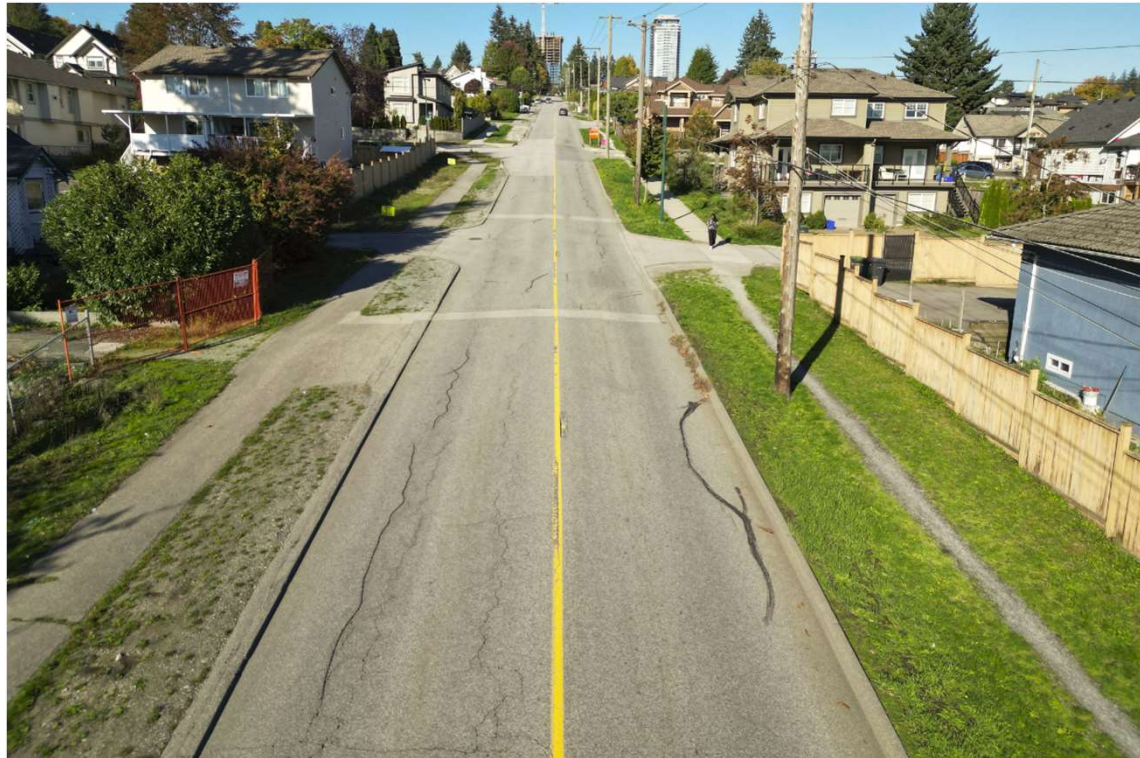

**Access &
Emergency Response**

**Residential
Waste Collection**

Current Conditions
